

### Sermon Notes

**Term** – Summer

**Series** – Identity

**Gathering & Date** – 13/5/18 @ 5

**Title** – Seeing is Believing

**Preacher** – Alice Bond

**Reading** – 2 Corinthians 5

**Main message of this talk in one sentence** – When we come into agreement with our identity, we move into our destiny (the WHY of pursuing true identity).

**Main points** – 1. HOW do humans source our identity? We humans either source our identity from the Father of truth or the father of lies.  
2. WHY do we seek to source our identity from the Father of truth? In order to move into our destiny. We always live in accordance with what we actually believe. The life of genuine faith naturally produces good works.  
3. HOW Do we change our source of identity? Through changing our mindset about what we believe about Jesus, ourself and others. This change of mindset produces a change in behaviour in alignment with God's plan for our lives, which is also known as repentance. In another words through a lifestyle of biblical repentance we fulfil our destiny.

**For further thought and prayer** – Ask the Lord for each person what lie He wants gently to call into the light and replace with the truth, including a practical replacement strategy for what it looks like to walk in the truth.
